UNIK BREEDING

MAYA SEEDS

For two generations the nursery MAYA SEEDS ApS has produced Capsicum of high quality and consistency

We combine well-developed breeding techniques with know-how and experience from the production of finished products. This gives a unique range of consistent series with a broad colour scale, harmonic growth and long durability.

We proudly present Maya Seeds
With Maya Seeds® you get

- unique consistency
- compact growth and rich fruit buds
- exciting colours and beautiful presentation
- long durability for inside and outside use

Find inspiration and useful information about the large range of Maya Seeds® on our website or contact us for further advice and guidance regarding the production of Capsicum Maya® in your nursery.
